About Assemblil	Page 1
Introduction	Page 3
Chapter 1	
The Basics	
Chapter Overview	Page 5
Basic Garment Lifecycle	Page 6
What Are Patterns?	Page 7
Patterns Make Design Ideas Repeatable	Page 8
The Relationship Between Patterns and Fabric	Page 8
Pattern Measurements vs. Garment Measurements	Page 10
First Attempts	Page 11
Chapter Summary	Page 12
Chapter 2	
Professional Systems	
From Design Sketch to Finished Sample	
Chapter Overview	Page 13
Repeating and Refining	Page 14
What Is a Toile or Muslin?	Page 14
Choosing Toile Fabric	Page 14
Using Toiles in Stages	Page 15
Fitting the Toile	Page 15
Testing Construction Finishes	Page 16
Using Toiles and Construction Tests in Your Own Projects	Page 17
What Is a Sample Garment?	Page 18
From Design Sketch to Sample Garment	Page 18
Chapter Summary	Page 20

Chapter 3

Communicating Design Ideas

Chapter Overview	Page 21
Clarifying the Concept	Page 22
Mood Boards	Page 22
Fabric Boards	Page 23
Music	Page 23
Avoiding Distracting Elements	Page 23
Design Sketches	Page 24
Technical Drawings	Page 25
Chapter Summary	Page 26

Chapter 4

Key Body Guidelines

Chapter Overview	Page 27
Body Measurements	Page 28
Dress Forms and Mannequins	Page 28
Bust, Waist, Hips	Page 28
Centre Front, Centre Back and Side Seams	Page 30
Bust Point and Other Guidelines	Page 32
Purpose of Key Guidelines	Page 34
Naming Conventions of Guidelines	Page 34
Marking Guidelines on a Mannequin	Page 36
Guidelines and Body Measurements	Page 36
Mannequins vs. Human Bodies	Page 38
Chapter Summary	Page 40

Chapter 5

Understanding Darts

Chapter Overview	Page 41
What Is a Dart?	Page 42
An Exercise in Making a Dart in Paper	Page 42
Dart Terminology	Page 49
Chapter Summary	Page 52

Chapter 6

Darts and the Body

Skirt and Bodice Exercises

Chapter Overview	Page 53
Using Quick Exercises in Pattern Making	Page 54
Paper Skirt Exercise	Page 54
Paper Bodice Exercise	Page 68
Using Darts to Read Patterns	Page 88
Fitting Darts vs. Decorative Darts	Page 89
Chapter Summary	Page 90

Chapter 7**Basic Blocks**

Chapter Overview	Page 91
What Is a Block?	Page 92
Ease on Block Measurements	Page 92
Making Your Own Set of Blocks	Page 93
Diagrams of Basic Blocks	Page 94
Different Methods for Creating Blocks	Page 99
Chapter Summary	Page 100

Chapter 8**Truing, Blending and Flow Through**

Chapter Overview	Page 101
Truing and Blending	Page 102
Truing a Seam with a Dart	Page 104
Flow Through	Page 106
Checking that a Block or Pattern will Mirror Correctly	Page 108
The Difference Between Checking Blocks and Patterns	Page 110
Chapter Summary	Page 112

Chapter 9**Blocks and Patterns**

Chapter Overview	Page 113
The Different Uses of Blocks and Patterns	Page 114
The Difference Between Blocks and Patterns	Page 114
Dart Point Position for Bust Darts	Page 115
Seam Allowances on Blocks and Patterns	Page 116
Chapter Summary	Page 116

Chapter 10**Seams and Seam Allowance**

Chapter Overview	Page 117
What Is a Seam?	Page 118
Stitching Lines on Basic Blocks	Page 118
What Is Seam Allowance?	Page 120
Understanding How Much Seam Allowance to Add	Page 122
What Is a Seam Finish?	Page 124
Guideline Seam Allowances	Page 126
Seam Allowance Consistency	Page 127
Using a Half Body Block to Make a Pattern	Page 128
Cutting "On the Fold"	Page 129
Chapter Summary	Page 130

Chapter 11**The Importance of Accuracy**

Chapter Overview	Page 131
Seam Allowance and Body Measurements	Page 132
How Small Errors Cause Fit Problems	Page 135
Chapter Summary	Page 136

Chapter 12

Marking Seam Allowance and Notches

Chapter Overview	Page 137
What Is a Notch?	Page 138
Extending Notches Out From the Stitching Line	Page 139
Grading Rulers	Page 140
Extending Notches Out From Mid Seam Points	Page 141
Marking in Seam Allowance Accurately	Page 144
French Curves and Curved Rulers	Page 146
Squaring Off Seam Allowance	Page 148
When to Leave Seam Allowances at an Angle	Page 151
Shaping Dart Value	Page 153
Direction of Dart Values	Page 155
Chapter Summary	Page 156

Chapter 13

Notches and Drillholes

Chapter Overview	Page 157
Marking Notches onto a Pattern	Page 158
Marking Notches onto Fabric	Page 160
Sewing with Notches on a Straight Seam	Page 161
Sewing with Notches on a Curved Seam	Page 164
When to Use Angled Notches	Page 166
Drill Holes	Page 167
Measurement Values for Drill Holes	Page 170
Marking Drill Holes onto a Pattern	Page 171
Marking Drill Holes onto Fabric	Page 171
Chapter Summary	Page 172

Chapter 14

The Anatomy of a Pattern

Chapter Overview	Page 173
Overview of a Basic Pattern	Page 174
Testing the Block Shape	Page 174
Working with Less Detailed Patterns	Page 176
Preparing the Pattern for the Cutter	Page 177
Chapter Summary	Page 178

Chapter 15

Grain Lines

Chapter Overview	Page 179
What Is a Grain Line?	Page 180
The Straight Grain	Page 182
The Cross Grain	Page 184
Choosing Between Straight Grain or Cross Grain	Page 184
Cutting on the Bias	Page 186
Choosing to Use the Bias Grain	Page 188
Grain Lines for Stretch Fabrics	Page 188
Working with Grain Lines	Page 190
The Directions of Grain Lines	Page 191

How to Decide on the Direction of the Grain Line	Page 193
How to Mark Grain Lines on Patterns	Page 193
Chapter Summary	Page 194

Chapter 16

Pattern Information and Cut Instructions

Chapter Overview	Page 195
Overview of Key Points	Page 196
Style Names and Numbers	Page 196
Garment Type, Piece Name and Side of the Body	Page 196
Pattern Size	Page 197
Numbering Pattern Pieces	Page 197
Date of the Pattern	Page 197
Company Name	Page 197
Toile or Sample that the Pattern Relates to	Page 198
Type of Fabric	Page 198
Fusing vs. Block Fusing	Page 198
Naming Fusing Pattern Pieces	Page 199
Right Side of the Pattern	Page 200
Cutting Instructions	Page 200
Chapter Summary	Page 204

Chapter 17

Basic Aims of Pattern Making

Chapter Overview	Page 205
Basic Aims Overview	Page 206
Moving Pattern Volume	Page 206
Increasing Pattern Volume	Page 207
Decreasing Pattern Volume	Page 207
Achieving Basic Aims Through Flat Pattern Making and Drape	Page 207
Chapter Summary	Page 208

Chapter 18

Pattern Making Methods

Chapter Overview	Page 209
Flat Pattern Making	Page 210
Flat Pattern Making: Cut and Spread Method	Page 211
Flat Pattern Making: Pivot Method	Page 212
Drape Method	Page 213
Flat Pattern Making vs. Draping	Page 215
Chapter Summary	Page 216

Chapter 19

Pattern Alterations and Seam Allowance

Chapter Overview	Page 217
Seamless Blocks and Working Patterns	Page 218
Seam Allowance in Alterations	Page 220
Tracing Wheel	Page 221
Chapter Summary	Page 222

Chapter 20

Introduction to Pattern Examples

Chapter Overview	Page 223
About the Pattern Making Examples	Page 224
Key to Pattern Markings	Page 224

Chapter 21

Adding a Seam Line

Cut and Spread Method

Chapter Overview	Page 227
Adding a Seam Line Overview	Page 228
Adding a Seam Line: Cut and Spread Method	Page 228
Checking the Transfer of Fit Value	Page 235
Chapter Summary	Page 236

Chapter 22

Adding a Seam Line

Pivot Method

Chapter Overview	Page 237
Adding a Seam Line: Pivot Method	Page 238
Chapter Summary	Page 245

Chapter 23

Adding a Seam Line

Drape Example

Chapter Overview	Page 247
Draping Seam Lines	Page 248
Original Pattern: One Single Pattern Piece	Page 249
Finished Pattern: Two Separate Pattern Pieces	Page 250
Chapter Summary	Page 250

Chapter 24

Removing a Seam Line

Cut and Spread Method

Chapter Overview	Page 251
Removing a Straight Seam Line Overview	Page 252
Removing a Seam Line: Cut and Spread Method	Page 252
Checking the Transfer of Fit Value	Page 259
Chapter Summary	Page 260

Chapter 25**Removing a Seam Line****Pivot Method**

Chapter Overview	Page 261
Removing a Seam Line: Pivot Method	Page 262
Chapter Summary	Page 269

Chapter 26**Removing a Seam Line****Drape Example**

Chapter Overview	Page 271
Original Pattern: Two Separate Pattern Pieces	Page 272
Finished Pattern: One Single Pattern Piece	Page 273
Chapter Summary	Page 274

Chapter 27**Moving Dart Value****Cut and Spread Method**

Chapter Overview	Page 275
Moving Dart Value Overview	Page 276
Moving Dart Value: Cut and Spread Method	Page 277
Closing a Dart from the Dart Point	Page 284
Chapter Summary	Page 284

Chapter 28**Moving Dart Value****Pivot Method**

Chapter Overview	Page 285
Moving Dart Value: Pivot Method	Page 286
Chapter Summary	Page 294

Chapter 29**Moving Dart Value****Drape Example**

Chapter Overview	Page 295
Moving Dart Value: Drape Example	Page 296
Chapter Summary	Page 304

Chapter 30

Darts into Seam Lines

Cut and Spread Method

Chapter Overview	Page 305
Darts into Seam Lines Overview	Page 306
Dart into Seam Lines: Cut and Spread Method	Page 306
Checking the Transfer of Fit Value	Page 313
Chapter Summary	Page 314

Chapter 31

Darts into Seam Lines

Pivot Method

Chapter Overview	Page 315
Darts into Seam Lines: Pivot Method	Page 316
Chapter Summary	Page 323

Chapter 32

Darts into Seam Lines

Drape Example

Chapter Overview	Page 325
Draping Darts and Seams	Page 326
Original Pattern: Shaping with Darts	Page 326
Finished Pattern: Shaping with a Seam Line	Page 327
Chapter Summary	Page 328

Chapter 33

Seam Lines into Darts

Cut and Spread Method

Chapter Overview	Page 329
Reversing a Pattern Making Method	Page 330
Fit Value in Darts and Seams	Page 330
Seam Lines into Darts Overview	Page 332
Seam Lines into Darts: Cut and Spread Method	Page 332
Matching at the Stitching Line	Page 339
Variations of Seam Lines into Darts	Page 341
Chapter Summary	Page 342

Chapter 34

Seam Lines into Darts

Pivot Method

Chapter Overview	Page 343
Seam Lines into Darts: Pivot Method	Page 344
Chapter Summary	Page 351

Chapter 35**Increasing and Decreasing Volume**

Chapter Overview	Page 353
Increasing and Decreasing Volume	Page 354
Chapter Summary	Page 356

Chapter 36**Even Increase of Volume****Cut and Spread Method**

Chapter Overview	Page 357
Even Increase of Volume: Cut and Spread Method	Page 358
Increasing Volume for Tucks, Pleats and Gathers	Page 365
Chapter Summary	Page 366

Chapter 37**Even Increase of Volume****Pivot Method**

Chapter Overview	Page 367
Even Increase of Volume: Pivot Method	Page 368
Chapter Summary	Page 375

Chapter 38**Even Increase of Volume****Drape Example**

Chapter Overview	Page 377
Even Increase of Volume on the Mannequin	Page 378
Drape of Original Pattern	Page 378
Drape of Finished Pattern with Increased Volume	Page 379
Chapter Summary	Page 380

Chapter 39**Even Decrease of Volume****Cut and Spread Method**

Chapter Overview	Page 381
Even Decrease of Volume: Cut and Spread Method	Page 382
Decreasing Volume	Page 389
Chapter Summary	Page 390

Chapter 40**Even Decrease of Volume****Pivot Method**

Chapter Overview	Page 391
Even Decrease of Volume: Pivot Method	Page 392
Chapter Summary	Page 399

Chapter 41

Even Decrease of Volume

Drape Example

Chapter Overview	Page 401
Even Decrease of Volume on the Mannequin	Page 402
Drape of Original Pattern	Page 402
Drape of Finished Pattern with Decreased Volume	Page 403
Chapter Summary	Page 404

Chapter 42

Increase Volume Around a Point

Cut and Spread Method

Chapter Overview	Page 405
Increase Volume Around a Point Overview	Page 406
Increase Volume Around a Point: Cut and Spread Method	Page 407
Chapter Summary	Page 414

Chapter 43

Increase Volume Around a Point

Pivot Method

Chapter Overview	Page 415
Increase Volume Around a Point: Pivot Method	Page 416
Chapter Summary	Page 428

Chapter 44

Increase Volume Around a Point

Drape Example

Chapter Overview	Page 429
Volume Increase Around a Point on the Mannequin	Page 430
Drape of Original Pattern	Page 431
Drape of Finished Pattern with Increased Volume	Page 432
Chapter Summary	Page 434

Chapter 45

Decrease Volume Around a Point

Cut and Spread Method

Chapter Overview	Page 435
Decrease Volume Around a Point Overview	Page 436
Decrease Volume Around a Point: Cut and Spread Method	Page 436
Chapter Summary	Page 444

Chapter 46

Decrease Volume Around a Point

Pivot Method

Chapter Overview	Page 445
Decrease Volume Around a Point: Pivot Method	Page 446
Chapter Summary	Page 458

Chapter 47

Decrease Volume Around a Point

Drape Example

Chapter Overview	Page 459
Volume Decrease Around a Point on the Mannequin	Page 460
Drape of Original Pattern	Page 461
Drape of Finished Pattern with Decreased Volume	Page 462
Chapter Summary	Page 464

Chapter 48

Volume Increase with Darts

Cut and Spread Method

Chapter Overview	Page 465
Volume Around a Point	Page 466
Volume Increase with Darts: Cut and Spread Method	Page 467
Chapter Summary	Page 474

Chapter 49

Volume Increase with Darts

Pivot Method

Chapter Overview	Page 475
Volume Increase with Darts: Pivot Method	Page 476
Chapter Summary	Page 483

Chapter 50

Volume Increase with Darts

Drape Example

Chapter Overview	Page 485
Volume Increase with Darts on the Mannequin	Page 486
Drape of Original Pattern	Page 486
Drape of Finished Pattern with Increased Volume	Page 487
Chapter Summary	Page 488

Chapter 51

Ease and Fabric Roll

Chapter Overview	Page 489
What Is Ease?	Page 490
Ease Within a Seam Line	Page 490
The Amount of Ease	Page 491
Uses of Ease	Page 491
What Is Fabric Roll?	Page 492
The Amount of Fabric Roll	Page 493
Uses of Fabric Roll	Page 493
Chapter Summary	Page 494

Chapter 52

**Applying Pattern Principles
to Complex Changes**

Chapter Overview	Page 495
Pattern Making Principles	Page 496
Basic Steps of Cut and Spread Method	Page 496
Basic Steps of Pivot Method	Page 496
Complex Flat Pattern Making	Page 497
Testing and Experimenting	Page 498
Chapter Summary	Page 498

Contact Assemblil	Page 499
